

# Galaxy

**The Galaxy is an architectural, adjustable halogen spotlight suitable for most accent lighting applications. Features include a die cast construction, choice of white (standard) or chrome (optional) finishes while a heat-sink ensures efficient cooling. Supplied with long life lamps (10,000 hours) as standard.**

- Low voltage halogen
- 30° vertical adjustment
- Die-cast heat sink
- White (standard) or chrome finish
- Long life lamps as standard
